Umran Vol.13 Issue.53, November (2014): 104-108.

*

This publication is the first monograph on rzlbd's work, focusing on the architectural practice's built projects between 2010-2016, with a particular interest in the house as an archetypal model of the world, whilst implementing the guiding idea that design belongs to everyone and that "modern has to be affordable". It also includes polemical writings that set the foundation for the practice.

Author

Reza Aliabadi (rzlbd)

Contributors

Martin Bressani (director, school of architecture, McGill University)
Leslie K Norford (professor, MIT Architecture)
Amir A Aliabadi (professor, University of Guelph / research associate, MIT Architecture)
John Bentley Mays (critic, The Globe & Mail)
